

M e m o r a n d u m

Date: April 8, 2010

To: Yuba-Sutter Area

Attention: Captain J. R. Young

From: **DEPARTMENT OF CALIFORNIA HIGHWAY PATROL**
Office of the Assistant Commissioner, Inspector General

File No.: 005.9968.A07146.010

Subject: 2010 COMMAND PROPERTY INSPECTION REPORT

State Administrative Manual (SAM) Section 8652 requires Departments to conduct a physical count of all state owned property and reconcile the count with accounting records at least once every three years. Departmental records indicate the last command inventory by the Yuba-Sutter Area was conducted during the week of October 5, 2009. In order to provide independent verification and reasonable assurance to the Office of the Commissioner that the California Highway Patrol (CHP) inventory records are complete and accurate, your command was selected for a property inspection.

In accordance with procedures outlined in Highway Patrol Manual (HPM) 11.2, Materials Management Manual, and HPM 22.1, Command Inspections Program Manual, an inspection of your command's property, including vehicles and weapons, was completed by the Property Inspector (PI) on March 1, 2010 and March 5, 2010. Using property records from the appropriate Offices of Primary Interest (OPI), the PI selected a random statistically-valid sample of property that was stratified across four property areas: general inventory control, telecommunications, fleet, and weapons (see Attachments B, C, D, and E). Additionally, the PI chose items within your command and compared them to the appropriate inventory records.

According to the OPI inventory lists, the command had a total property inventory population of 513 items (a). The statistically-valid sample at a 95 percent confidence level \pm 5 percent error rate provided a total stratified sample size of 57 items when rounded up to the next whole number (d).

Safety, Service, and Security

	Population Size	Percentage of Total	Calculated Sample Size	Predetermined List Sample Size
	(a)	(b)	(c)	(d)
ICU Decals	209	40.74%	22.41	23
Telecommunications	185	36.06%	19.83	20
Fleet	25	4.87%	2.68	3
Weapons	94	18.32%	10.08	11
Total	513			57

When comparing equipment recorded on the predetermined property inspection list to equipment located at the command, 55 of the 57 items were located. Two items were transferred out of the command. Furthermore, four of the 55 located items require a correction be made to the property record. The property inspection results of the equipment recorded on the predetermined property inventory list to equipment located at the command are summarized in Attachment A.

When comparing equipment assigned to the command to the OPI inventory lists, 73 of the 86 items reconciled. Eight items require a correction be made to the property record. One item was listed at another command; two items were listed at the Department of General Services pending compliance testing; and two items were property tagged and located at the command but not added to the Department's Oracle database for equipment tracking and accountability. The property inspection results of equipment located at the command to the OPI inventory list are summarized in Attachment A.

I request your command research and investigate all discrepancies in accordance with departmental procedures outlined in HPM 11.2, Materials Management Manual, Chapter 8, Equipment, and work with the appropriate OPI(s) to rectify any variances. A Physical Inventory Adjustment Request, CHP 24, must be completed to adjust the inventory records. In order to verify that the above listed discrepancies have been rectified, please submit a memorandum to the Office of Inspections through your respective Division by July 8, 2010.

Furthermore, in accordance with the Governor's Executive Order S-20-09 to increase government transparency, this report will be posted on the CHP's internet website, and on the Office of the Governor's webpage, located on the State's Government website.

Yuba-Sutter Area

285-01

From: Rick Barnett
To: Donna Goodwin
CC: Jim Young
Date: 3/3/2010 2:24 PM
Subject: Radio Stack R Numbers Paper work

Donna,
Just got off the phone with Joanne Pancake at Telecomm. She advised that they have an agreement with Area 3 and PSCD that they will forward the paper work once the cut over is through. She stated that it would be a lengthy process and that she will CC you basically telling you the same thing.

Rick Barnett
